Dear Students and Parent,

Education is a passion driven journey. The excellence in the teaching and learning experience is achieved by people who are internally motivated to give direction to the lives of several people. Education traditionally was not only meant to be the preparation of life, but it was supposed to be the life in itself.

It enriches, both the teacher and taught with dignity, respect, equality, love, affection and ample skills to have an enriching life. The final aim of the education however, is the social reconstruction, reforming, keeping abreast with the times of the society. Our school believe in all round development of children, and inculcate in the minds of the young ones the values of human dignity, equality and a sense of brotherhood, which are the three icons of our democratic country.
